

SE- Introduction to Web Technologies - HTML and CSS

Session 5: Introduction to CSS 3 Coverage: Inline, Internal, External styles; Selectors, Colors, Font families. Demo: Color-theme switch between light and dark mode.

Task :

Question :- 1

Create an HTML file for a Flipkart-style product card and apply inline CSS to set a unique background color and font size for the product title only.

Ans:-

```
<!DOCTYPE html>

<html>

<head>

  <title>Flipkart Product Card</title>

</head>

<body>

  <div>

    <h2 style="background-color: lightblue; font-size: 30px;">

      Lenovo LOQ 15IAX9 Laptop

    </h2>

    <p>Price: ₹65,999</p>

    <button>Buy Now</button>

  </div>

</body>

</html>
```

Question :- 2

Build a Myntra-like offer banner using internal CSS (inside a <style> tag) to set a custom font family, text color, and background color for the banner text.

Ans:-

```
<!DOCTYPE html>

<html>

<head>

  <title>Myntra Offer Banner</title>

  <style>

    *{

      margin: 0;

      padding: 0;

    }

    .banner{

      font-family: Arial, sans-serif;

      color: white;

      background-color: deeppink;

      padding: 20px;

      text-align: center;

    }

  </style>

</head>

<body>

  <div class="banner">

    Flat 50% OFF on Fashion Products!

  </div>

</body>

</html>
```

Question :- 3

Create a separate CSS file named styles.css and link it to your HTML file. Use external CSS to style all <button> elements with a Zomato-inspired color, rounded corners, and a hover effect that changes the background color.

Ans:-

HTML :

```
<!DOCTYPE html>

<html>

<head>

  <title>Zomato Button</title>

  <link rel="stylesheet" href="styles.css">

</head>

<body>

  <div class="center">

    <button>Order Now</button>

  </div>

</body>

</html>
```

CSS :

```
*{

  margin: 0;

  padding: 0;

  border: border-box;

}

.center{

  text-align: center;
```

```
margin-top: 100px;
}

button{
    background-color: #e20b1d;
    color: white;
    border: none;
    padding: 10px 20px;
    border-radius: 8px;
}

button:hover{
    background-color: #e56772;
}
```

Question :- 4

Write CSS selectors to style all elements with the class 'playlist-item' (for a Spotify playlist page) to have a dark background and white text. Then, add a rule to highlight the currently playing song with a different color using a unique id selector.

Ans:-

```
<!DOCTYPE html>
<html>
<head>
    <title>Spotify Playlist</title>
    <style>

        *{
```

```
padding: 0;
margin: 0;
}
```

```
.playlist-item{
    background-color: black;
    color: white;
    padding: 10px;
    margin: 5px;
}
```

```
#playing{
    background-color: green;
    color: white;
}
```

```
</style>
</head>
<body>
    <div class="playlist-item">Song 1</div>
    <div class="playlist-item" id="playing">
        Song 2 (Currently Playing)
    </div>
    <div class="playlist-item">Song 3</div>
</body>
</html>
```

Question :- 5

Implement a simple light/dark mode switch for a BookMyShow movie detail page using internal CSS and a toggle button. When the button is clicked, switch between light and dark color themes for the page.

Hint: Use JavaScript to add or remove a 'dark-mode' class on the <body> and define the color themes in CSS.

Ans:-

```
<!DOCTYPE html>

<html>

<head>

  <title>BookMyShow Movie Page</title>

  <style>

    body{

      font-family: Arial, sans-serif;

      margin: 20px;

    }

    .container{

      background-color: white;

      color: black;

      padding: 20px;

      border: 1px solid black;

      border-radius: 10px;

      transition: 0.5s;

    }

    #theme:checked ~ .container{
```

```
        background-color: #121212;

        color: white;
    }

    label{

        font-size: 18px;

        font-weight: bold;
    }

</style>
</head>
<body>
    <label>

        <input type="checkbox" id="theme">

        Dark Mode
    </label>

    <br><br>

    <div class="container" id="theme">

        <h1>The Big Bull</h1>

        <p>

            The Big Bull is a financial crime drama inspired by real stock market events.

            The movie showcases ambition, success, and the challenges faced in the
            world of finance.

        </p>

        <h3>Rating: 4.3/5</h3>

    </div>
</body>
</html>
```
